

## **No Return Policy for Generic Lab Scripts**

At AMG Creative, Inc., we are committed to providing high-quality generic lab scripts that meet the needs of our clients. Due to the digital nature of these products, **all sales of generic lab scripts are final**. Please carefully review the details and functionality of the scripts before completing your purchase, as we do not offer returns, exchanges, or refunds for any generic lab script purchases.

### **Important Considerations:**

1. **Non-Refundable:** Once a purchase is made, it cannot be refunded under any circumstances, including but not limited to dissatisfaction, change of mind, or compatibility issues.
2. **Non-Returnable:** Generic lab scripts are digital products and cannot be returned once delivered. This policy is in place to protect the integrity of our intellectual property and prevent unauthorized use or distribution.
3. **Pre-Purchase Support:** We encourage clients to contact our support team before making a purchase to ensure the script meets your technical and project requirements. We are happy to provide clarifications or additional information.
4. **Customization:** If you require any customization or specific functionality beyond what is offered in our generic scripts, please contact us for a quote on custom development services.
